FROM THE EDITOR'S PEN

This is a time of great changes. In education too we see fast changes. The student today is an individual, is a real person with feelings of self-respect, sensitivity, responsibility and compassion. We need to recognize, appreciate, applaud and foster the fine blend of sensibilities in a child and thus this is to be viewed as a launch pad for the children's creative urges to blossom naturally.

As the saying goes, mind like parachute works best when opened. This humble initiative is to set the budding minds free, allowing them to roam free in the realm of imagination and experience to create a work of beauty in words.

This school attains its eminence in the first place through the achievement of the children. This also espouses the school spirit which is built-up within the school through the collective actions, thoughts and aspirations. All these, I believe would spur higher growth and enterprise in children.

My thanks are due to the Principal, Editorial Board, Students and Teachers to have been of immense help in breathing life into these pages.

Water Embodied

Be the accepting, submissive one
 'Cause we need people to be lead, to be ruled upon.
 Be the one that absorbs and brings, the truest form of colours out.
 Be that who sits and listens
 But a times in the open shouts.
 'Cause not all can be the bright lights in the sky
 With no backdrop, no one to look above.
 Be the medium, be the mixer
 'Cause not everyone can get along,
 Yet all have to be together
 And everyone needs the smiles and peace.
 Be the one to slow down those arrows
 Fierce, which at times pierce.
 Be the one to cool down the machines
 That work so hard and hence turn hot.
 Cool those heads and calm the minds
 'Cause there's beauty that in spotlight rots,
 And ones that in tranquil seas
 Devoid of eyes and honeybees
 Prosper just like in the world you help
 Work, an art work that's never acknowledged like the other.
 One, that to people neither blooms
 But nor does it wither.
 Talked about frequently
 But never in earnest sincerity,
 Timidly assertive, continue to be
 Water embodied.

Should Education be Made Free of Cost?

Education is an essential aspect of an individual's life, as it equips people with knowledge, skills, and opportunities for personal and professional growth. Many countries have made education accessible to all, but the question of whether education should be completely free of cost is a matter of debate. I believe that education should be free for several reasons.

Firstly, making education free of cost would ensure equal opportunities for all students, regardless of their financial backgrounds. Education is often seen as a privilege that is only available to those who can afford it. This creates an unequal society where individuals from lower-income families are at a disadvantage. By eliminating the financial burden of education, students can focus on their studies without worrying about the cost and have the same opportunities for success.

Moreover, providing free education can have positive long-term effects on society. When more people have access to education, it enhances the overall intelligence and skill level of the population. This leads to various benefits such as higher productivity, innovation, and economic growth. Furthermore, an educated population is more likely to make informed decisions, actively participate in democratic processes, and contribute towards social progress. Therefore, free education can have far-reaching impacts that go beyond individual students.

However, it is important to acknowledge that providing free education would require significant funding. Governments would need to find alternative sources of revenue to cover the costs of education. This could mean reallocating funds from other sectors or implementing new taxes. Therefore, careful consideration should be given to the financial feasibility and sustainability of free education.

In conclusion, I firmly believe that education should be free of cost. It would promote equal opportunities, create a more knowledgeable and capable society, and pave the way for progress in various aspects of life. While implementing free education may come with challenges, the long-term benefits it brings make it a worthwhile investment. Education is a right that should be accessible to all, regardless of their financial means.

Emotional Disarray

Waste no time, with me, dear
These drops uncoloured keep near.
Seems to me that recently my closest friends
Have been, the frequently flowing tears.

The inside seeks only the outside,
The feeling 's unreciprocated.
The heart on sleeve is frequently bruised and cut
By the sword held with no hilt.
The blood soaked sleeves only know to absorb
And spill without fear
To whosoever is near.
Though unwantingly, yet unhinged
Because they don't know anything else
Because they neither have a cleaner nor a tap
Because such can only give out what they couldn't digest
Their self unaware of an outlet.

The one writing blinks, their eyes tear up
The hand inks, softly keeping up
With the slowing storm of thoughts,
Tying up another bundle, soon to be forgotten.

SADNESS

Oh, sadness, you are a heavy weight,
A burden on my heart, a gloomy gate,
You cloud my mind with thoughts so gray,
And steal the light of every day.

I try to shake you off, but you persist,
A constant companion, a haunting mist.
You whisper doubts and fears in my ear,
And make me feel like I'm drowning, my
soul unclear.

But I know that sadness is a part of life,
A shadow that follows us through all the
strife,

It's a teacher too, it shows us strong,
We can be, even when we feel so wrong.
So, I'll embrace my sadness, for a time,
And let it wash over me, like a cleansing
chime,

I'll listen to its lessons and learn to grow,
So that next time,

I'll be stronger, and know.
That sadness is a passing storm,
And that joy will always return.

कामयाबी के लिए अच्छे वचन

'विश्वास' एक छोटा-सा शब्द है

जिसे पढ़ने में सेकंड, सोचने में मिनट,

और साबित करने में पूरी जिंदगी लग

जाती है।

दुनिया में दान जैसी कोई संपत्ति नहीं

लालच जैसा कोई रोग नहीं,

संतोष जैसा कोई सुख नहीं।

महान दिमाग विचारों की चर्चा करता है

औसत दिमाग घटनाओं की

और छोटा दिमाग केवल लोगों की चर्चा करता

है।

जल ही जीवन है

जल हमारा जीवन है
जल के बिना न जीवन, न धरती की
हरियाली,
जल के बिना न पेड़ न पौधे ।
जल की बूंद-बूंद बचाना है
जल है तो कल है
जल है तो जीवन है ।

चिड़िया रानी

चिड़िया रानी आओ ना
हाथ पे मेरे बैठ जाओ ना
तुम चीची करके गाओ ना
फिर फुर्र से उड़ जाती हो ।
सुबह-सुबह जल्दी उठकर तुम
दाना चुगने जाती हो !
बच्चों की रक्षा के लिए तुम
दुश्मन से भीड़ जाती हो ।
माँ बनकर बच्चों पर तुम
बहुत प्यार लुटाती हो ।
संध्या के समय तुम बहुत थक जाती हो तब
अपने बच्चों के साथ सो जाती हो।

किताबों की दुनिया

किताबें जीवन का आधार हो गई,
जीवन की सरगम का संगीत हो गई |
जब भी आई मुसीबत या घिरे संकट के बादल
हमें नई राह दिखाने किताबें सबसे पहले आई |
बन जाती हमारी मित्र, सहेली, दोस्त सबकुछ
कभी न करती हमसे गुस्सा,
सदा रहती हमारे साथ
दुनिया का ज्ञान देती हमें बनाती बलवान |
कहने को तो सिर्फ कागज है
पर इसमें सारी दुनिया समायी है,
ज्ञान-विज्ञान, कविता, कहानी सबको लिए मनोरंजन करती हमारा,
किताबें जीवन का आधार हो गई,
जीवन की सरगम का संगीत हो गई |

स्वस्थ तन, स्वस्थ मन

कहा जाता है कि स्वस्थ तन में ही स्वस्थ मन का निवास होता है। यह पंक्ति शत-प्रतिशत सही है। तन-मन की स्वस्थता ही किसी भी मनुष्य की सफलता का प्रथम सोपान है। शरीर के स्वस्थ एवं निरोगी रहने से मन की एकाग्रता और प्रसन्नता बनी रहती है। वर्तमान समय में मनुष्य कई प्रकार के तनाव से जूझता रहता है। तनाव मस्तिष्क को बेचैन कर देता है जिसका परिणाम यह होता है कि हम अपने कार्य को पूर्ण कुशलता से नहीं कर पाते और असफलता व हताशा का शिकार होना पड़ता है। ऐसे विकट समय में सबसे महत्वपूर्ण तन-मन की स्वस्थता है। हम मनोरंजन, खेल, पठन, पर्यटन, योग, व्यायाम आदि कई प्रकार से अपने मन और शरीर को स्वस्थ रख सकते हैं। जीवन को उत्साह से परिपूर्ण कर सकते हैं। तात्पर्य यह है कि जीवन की विपरीत परिस्थितियों से संघर्ष करने और सफलता के मार्ग पर अग्रसर होने के लिए तन और मन की स्वस्थता अत्यंत आवश्यक है।
