ATAL TINKERING LABS

Tinkering lab is a workspace where young minds can give shape to their ideas through hands-on do-it-yourself mode and learn innovation skills. The vision is to cultivate 1 Million children in India as Neoteric Innovators. The Government of India has setup the Atal Innovation Mission (AIM) at NITI Aayog.

Atal tinkering labs are being set up with the sole **purpose** of enhancing the Research and Development in India of printing services in India. This program is aimed at the improvement of research and development right from the grass root level where even primary schools are involved.

Atal Innovation Mission (AIM) including Self-Employment and Talent Utilization (SETU) is Government of India's endeavour to promote a culture of **innovation** and entrepreneurship.

7 WONDERS OF GUJARAT

Understanding the inner potential, retaining the heart & the foundation of them
